

TryFlo

Incentive Spirometer

- Tryflo incentive spirometer is ideal for developing, improving and maintaining your respiratory fitness.
- Tryflo incentive is a deep breathing exerciser that has been scientifically constructed as a means of encouraging you to take a slow sustained maximal inspiration (SMI).
- Tryflo incentive spirometer is designed to help you perform normal breathing exercises. In turn, the spirometer will help you to prevent the possibility of respiratory complications or to improve your breathing pattern if you have a respiratory condition.
